THE K. P. A.

The Kentucky Editors Have an Interesting Meeting at Owensboro
And a Delightful Outing to The Great Northern Lakes and the Border Land of the British Empire.

The meeting of the Kentucky Press Association at Owensboro, July 22 and 23, will be long remembered by the Kentucky pencil pushers. The editor of this paper, accompanied by his wife, left Hartford at noon August 21, over the Illinois Central for Louisville. At the 5th Avenue Hotel, along with a score of other Kentucky editors and their wives we were the guests, Monday night, of the 5th Avenue Hotel. The efforts of the managers of Louisville's most popular hotel to entertain the press people was heartily appreciated. There is no other hotel at Kentucky's metropolis where the guests are made to feel so much at home as at the 5th Avenue. The visitor there is made to feel more the guest of a friend than of a house of public entertainment.

THE TEXAS ROAD.

Tuesday morning, about fifty Kentucky editors and their wives and sweethearts were taken charge of by Mr. Geo. L. Garrett, president of the Courier-Journal, President; Paul Moore, Earlington Bee, Vice President; R. E. Morningstar, Secretary. **THE BURGOO.**
The business session adjourned at noon and everybody went out to Hickman Park to enjoy the Burgo, which had been generously prepared for us by the citizens of Owensboro. The first most noticeable and most interesting feature of the entertainment at the park was the serving of cooling, soothing, tempting mint juleps. Bill Cushion presided over this very important department of the entertainment, and he did it wisely and well. Mr. Cushion is master of the art of making life pleasant for everybody and past master of the art of making mint juleps.

Rioting in Shenandoah.

The expected has happened in the anthracite coal field. Union leaders have been unable to control the turbulent and foreign element among the strikers of Shenandoah, and as a result that town is in the hands of a mob, rioting has been general, life has been sacrificed and blood has been shed.

That the strike leaders fear this is but the beginning of a trouble which may spread throughout the hard coal districts may be judged by the appeal issued last night by the president of district No. 9. This urges members of United Mine Workers' unions to "do all in their power to suppress lawlessness and to aid the officers in every way so maintain peace and good order."

The appeal also says that the disturbances in Shenandoah are in utter disregard of the teachings and principles of the United Mine Workers' as an organization and contrary to the explicit instructions of the leaders. That is, the leaders admit that they no longer control in the situation, that they are powerless to hold in subjection and order the thousands of idle miners who wreaked their fury on nonunion men and officers of the law in the street of Shenandoah last night.

Now Shenandoah is practically under martial law, for the sheriff has admitted that he cannot keep order, and Governor Stone has sent two regiments and a troop of horses to hold the lawless element in subjection. This may not be an easy task, for from the atrocities committed by the mob, it is evident that the strike leaders have been straitened to the breaking point, and that now the strongest arm that the people possess must be used to protect life and property and to preserve order.—Chicago Post.

Los Alamos, Cal., Aug. 4.—The people of this city and vicinity are terror-stricken and are fleeing from their homes to places of safety on account of the increasing severity of the earthquakes that have visited this section since the night of the 27th inst., since which time it is estimated seventy-five distinct shocks have been felt. The most severe shock occurred at 1:20 o'clock this morning, when the earth seemed to lurch from south to north and then twisted back again, destroying brick walls and piling everything indoors into unrecognizable heaps, toppling over heavy iron safes and destroying thousands of dollars' worth of goods.

OFFICERS ELECTED.

Wednesday morning a business session was held at the Court House at which officers for the year were elected as follows: Thos. Watkins, Courier-Journal, President; Paul Moore, Earlington Bee, Vice President; R. E. Morningstar, Secretary.

ITEMS WORTHY OF PERUSAL.

The quiet girl never wears a high collar on the streets. You do not see her flaunting in brilliant checks when they happen to be in style. When high hats are "up," she does not pile hers so high that it sweeps the cobwebs from the sky, says, the Albany Times-Union. She does not wear the longest train to her tea gown nor the greatest number of bangles when bangles reign.

But because she does not chatter and giggle and make herself conspicuous at matinees, does not announce her convictions on all occasions on all subjects and profess her admiration at every hand's turn, it must not be supposed that she has no ideas or convictions or enthusiasms. She is quiet because she has no power to make herself heard, to change her condition or because she is maturing that power.

In the meantime, it is the quiet girl who marries first, who makes the best match, who files the niches which her more brilliant sisters leave vacant, who manages the servants, runs the sewing machine, remembers the birthdays, listens to the reminiscences of the old and often keeps the wolf from the door.

Republican Ticket.

For Appellate Judge—2nd District.

JUDGE B. L. D. GUFFY,

Of Morgantown.

ANNOUNCEMENTS.

For Circuit Judge.

We are authorized to announce W. T. OWEN, of Davies county, as a candidate for Circuit Judge in the Sixth Judicial District, subject to the action of the Democratic party.

FOX ALLEY went out of Hartford's history at a meeting of the city council a few nights ago. It is Center Street now.

The subscription list is still open for those who want to assist in the building of a railroad from Hartford to Beaver Dam.

MR. DAVID M. DUNCAN, editor of the Meade County Messenger, one of the best country weeklies in the State, is a candidate for Representative of Meade county on the Democratic ticket. If Meade county must have a Democratic Representative, we hope to see Dave have the job.

HARRY TRACY, the popular Oregon outlaw and all-round manslayer, became weary of public receptions and demonstrations on his journey through the West, and on last Wednesday, he injected a lead tablet from an improved Colts syringe into his dome of thought, and quietly fell asleep. His defiant, impudent spirit will awake no more to dash itself against the cage of life.

The Kentucky editors, who attended the State Press meeting at Owensboro will not soon forget the hospitality of the citizens of that city. The city officials, the Elks and the street railway people—but it would be unjust to particularize. Every citizen of Owensboro, from the old folks to the school children put forth his best effort to make the Kentucky editor's life pleasant during his stay in the city.

The Breckenridge News, one of the very best weekly newspapers published in Western Kentucky, which has fought the battles of Democracy since 1875 pays the following well deserved tribute to Judge B. L. D. Guffey:

In taking up the fight for Judge Guffey it is not because he's the Republican nominee, but from the deep and sincere conviction that he is the best qualified man for the place. His record as a just and upright head of the list and there is no good reason for turning him down for a man whose record is unknown.

The Democrats have challenged Judge Guffey to joint debate with Judge Settle. Of course they knew that candidates for high judicial position nowhere indulge in joint debate, but were the custom general nobody would expect the Chief Justice of the highest court in the State to go out debating with an obscure Circuit Judge. The hissing would be fast and furious if champion Jeffries were to enter the ring with Terry McGovern.

considering the matter of building a railroad to connect us with the Illinois Central, the convenience for passenger service, important as it is, should be a secondary consideration. The freight traffic is the chief advantage to be derived from the road, and not only Hartford freight, for a railroad here would make Hartford a shipping point for a large section of country from which the town would derive very great profit. Give us a railroad and the population of Hartford will double within five years.

MR. THOMAS F. BIRKHEAD, candidate for the Democratic nomination for Circuit Judge, is making a series of speeches in the various voting precincts of Ohio county. We are not up on Democratic politics, but we have an unconverted brother who affiliates with that party, and he informs us that Mr. Birkhead's speeches are helping Judge Owen's cause. He informs us that most of those who hear Mr. Birkhead are convinced that he does not measure up in ability to the standard fixed by the voters for so important an office.

The great anthracite coal strike in Pennsylvania has taken on a more serious phase. President Mitchell has done all in his power to have the matter settled without riot and bloodshed. But a large per cent. of the striking miners are Hungarians, Poles and other foreigners who know nothing of our language and have little respect for our laws. They were imported to take the place of the American workmen and by attacking the militia they have done more to alienate public sympathy and injure their cause than all their other

other acts could have done. They may have grievances, and doubtless do have many, but this does not justify them in taking the law into their own hands. It goes without saying that peaceful means are always best in settling labor troubles.

THE Hartford Herald seems to be very much worried about Judge Guffey's age and assume to say that he is seventy-two years old, and asserts that he is on the decline. While it is true that Judge Guffey is not as young as he was fifty years ago, but he is not seventy-two years old, and he is young enough to have rendered more opinions than any of his juniors or seniors upon the bench during his eight years of service on the Appellate bench, and he is old enough to have engrained into these decisions such wisdom that the Bar of the State, irrespective of party, admit the ability of this distinguished jurist.

Mr. Stewart had a fall last January dislocating his left hip which still gives him trouble, and he will not be able to teach this fall. He is not sixty eight years old.

In answer to a correspondent to the Herald of July 23, will say that the Mt. Vernon class appreciates very much the compliment passed on them for the singing they gave at the Cane Run Children's Day service, but do not like the flattering remarks given to the Cane Run class, for don't think they deserve it. If the first place, they were not content in taking the center of the house and giving Mt. Vernon the corner, but picked this class out of some 4 or 5 different classes, although they are one of the oldest of the country, while Mt. Vernon is a very young class. Now when you can get the Cane Run class to sing alone let us know and we will try to hear them, and as yet they have help. Please give praise where it is deserved.

Sheriff, Cal P. Keown, who is making a reputation for apprehending evil doers, at once set about the capture of the robbers. He got on the track of them Sunday night and followed them until morning when he lost track of them. He at once notified the officers of the Sheriff and adjoining counties of the robbery.

Wednesday morning Sheriff Keown received notice from the marshal of Caneysville that Wilbert Sullenger and Louis Cunningham, two negroes suing the description of the robbers, were under arrest at that place.

Stewart was telephoned immediately and came to Hartford and swore out a warrant of arrest for the robbers.

The marshal of Caneysville brought the negroes, Sullenger and Cunningham, here yesterday, they were lodged in jail to await the action of the grand jury at the November term of court.

Stewart, upon reaching Beaver Dam, notified the marshal of that town of the holdup, and the marshal notified the sheriff and his deputies.

BUILDING A PLAYFORM.

Democracy—"Say, Builder, I want to hire you to do a piece of work for me. I've got my head set to make another run for the political pie counter this fall, and I want you to build me a good strong platform to run on. I've been trying to draw up the plans and specifications for the work, but the more I straighten it out the worse I get it tangled. So I thought it best to call on you for advice."

Builder—"Well, I'd like to do your work, but if you're out of building material it's no trade. Good bye."—Moravia Falls Patriot.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Cole, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter stated: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment, was a mystery to me, but I thought of Chamberlain's Cole Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well."

Builder—"Well, we first want to decide on what to make the frame out of. Now would that Imperialism stand?"

Democracy—"I did think of using that, but now the Republicans have cut the Cuban end of it off, it's too short, and besides that, they have got some big notches sawed in it over toward the Philippine end. I don't think it would be safe to risk that."

Builder—"Then what do you say to making the frame out of the tariff and cross-bracing it with trusts? Seems to me that's about the soundest piece of timber you've got, just between you and me! I'll admit that it's awfully worm-eaten and rotten."

Democracy—"Yes, that's so. You see that piece of timber has been soaking in the waters of Salt River ever since 1896, and no doubt it will be rather nasty to handle, but, as you say, it's probably the best we can do and so we'll count that settled. Now concerning the planks to put on top of it. I don't know what in the thunder we're going to do about that. Of course we all agree that it won't do to put in that old free silver slab. In 1896 and again in 1900 I tried to dance to the tintinnabulation of Billy's under jaw on that old slick slab, and both times the earth flew up and struck me in the face, and it took a long time to rub the Seven Stars and other big planets out of my eyes."

Builder—"How do you think the nigger domination plank would do?"

Democracy—"Not at all! No sir! You see my own crowd used that all up for kindling wood in trying to start up a little hell down South. Now the negro, in all the states where he amounts to anything, is disenchanted and so it wouldn't be good politics to straddle that hobby any more."

Builder—"Yes, and I just happened to think. That trust scantling we used for braces is mighty weak stuff. Don't you remember how Roosevelt yanked it all out of shape when he got the beef trust by the tail? We ought by all means to brace with something stronger than that."

Democracy—"I know that's a fact, but it's the best we can do, and I've been told that angels can't do any more. Let's see what else we do about the planks. There was the
